

Shatterlocks Infant and Nursery School

Newsletter - Friday 20th November

Classroom Learning

It has been another great week at School for all the children!

Yellow and Orange Classes have been learning about London landmarks as well as drawing them. They have also been other British traditions such as making a cup of tea! The children have also learnt about ordering numbers around the London Eye.

Green and Blue Classes have been solving addition and subtraction problems with number lines. They have also been learning about the alien, Beegu who crash landed from space! They have designed planets as well as describing them and in Science they have discovered what makes the biggest explosion.

Indigo and Violet Classes have been reading about the Emperor Penguin's Egg and learning about their life cycle. In Maths, they have also been solving missing box problems and in Phonics they have learnt about different apostrophes. Also, they have been talking about the festival of lights such as Hanukkah.

Well done everyone!

Christmas

Christmas this year will look and feel rather different from all previous years. However, we would like to reassure you that we will be working hard to make sure the children have a magical, fun and festive experience in School. We will be sharing news and events on the Website and on Seesaw.

Please note, for hygiene reasons we will **NOT** be exchanging Christmas cards in School this year.

School Lunches

Next week will be **Week Three** on the menu.

Thank you for all your continued support; we are so proud of all your children.

Best Wishes
Mrs Biddle
Headteacher
